

SIX REASONS TO ATTEND HUG 2023

HUG is a three-day symposium developed for customers. The annual event brings together an array of industry leaders, to share information, ideas, and experiences with peers from all over the world.

This includes the opportunity to hear from peers and top industry experts with end-user-first content and dedicated industry breakouts aligned to key outcomes for your facilities. Not convinced? Here are just six of the many reasons you should attend HUG in 2023.

INDUSTRY LEADERS

Join us and learn as building industry leaders share their knowledge and expertise.

CONNECTED INNOVATION CENTER

Get hands-on and learn about the Honeywell portfolio of services and solutions.

TECHNICAL TRAINING

Have a specific question? One-on-One sessions with the Honeywell technical team are available.

TRAINING DAY

Learn from the experts during an instructor-led dedicated training day at no additional cost.

NETWORKING

Collaborate with peers from around the globe and learn how they are addressing challenges within their facilities.

TELL YOUR STORY

Share your knowledge and experiences with your peers, register your interest to speak at HUG!
