MAXPRO® CLOUD INTEGRATED SOFTWARE AS A SERVICE

MAXPRO Cloud is a fully integrated access and video Security as a Service platform hosted in Microsoft Azure.

MAXPRO Cloud makes single or multi-site building security **simple, flexible and scalable**. Users can manage their security system from **anywhere at anytime** via a standard **web browser** or via a **fully integrated app**.

Remote configuration, management and operation of sites, devices, schedules and users **streamlines efficiencies** while reducing operational costs across multi-site deployments. Plug and play devices, no servers or software to maintain and remote firmware management makes installation and maintenance **efficient, cost-effective and secure**.

TARGET MARKETS

MAXPRO Cloud is used by many types of small, medium and enterprise level businesses and organizations, allowing customers to remotely manage and control multi-site systems from anywhere with single sign-on access.

Retail

Property Management

Franchises

Commercial Offices

Remote Facilities

Schools and Campuses

Warehouses

Multi-Tenant

Typical Customer

- Multi-location, local, national and global
- Remote management of facilities
- Multi-facility access management

Customer Value

- Multi-location integrated security through a single user login to all sites
- Global access management improving security and reducing administration time
- Improved awareness with real time event and alarm notifications to act quickly
- Remote site monitoring, management and control improving efficiency
- Off-site cloud storage for piece of mind
- Automatic cloud feature updates and remote firmware management future-proofing your investment
- No software or servers to maintain reducing downtime and total cost of ownership

INTRODUCING MAXPRO® CLOUD

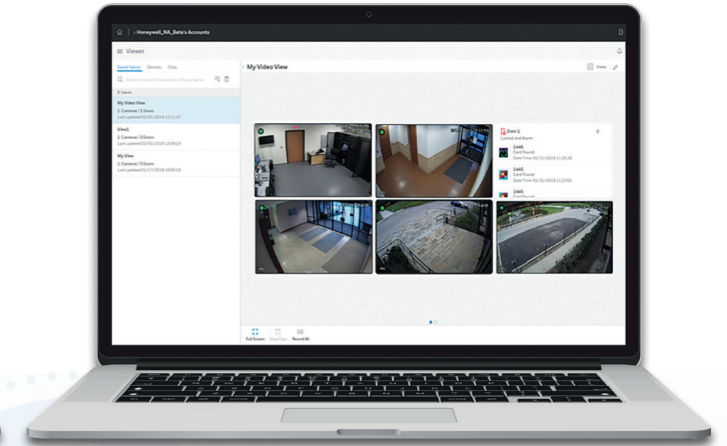

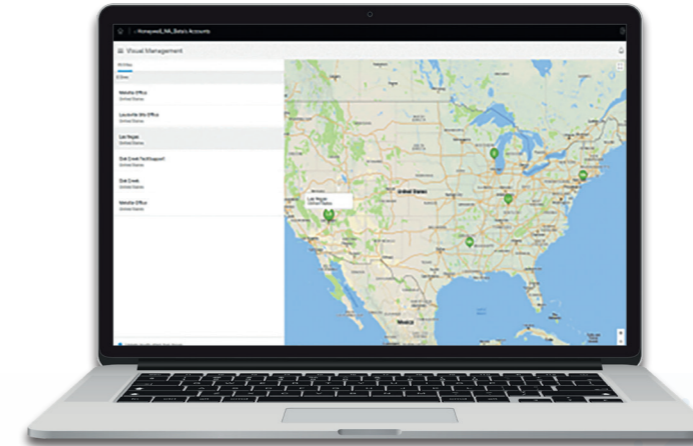

Where Smart Security Meets Business Insight

MAXPRO® Cloud is a Honeywell cloud-based integrated connected building platform designed for Small to Medium Enterprise business customers. It delivers real-time access control and video surveillance to any mobile device connecting customers to their buildings and enabling a user to make informed business decisions. *Anytime. Anywhere.*

It's more than just a security system, MAXPRO® Cloud is a dynamic business tool that provides actionable insights you can use to improve service and drive down costs.

MULTI-SITE INTEGRATED SECURITY FROM A SINGLE INTUITIVE USER INTERFACE

1 Geo locational map-based monitoring, management and control across multi-site locations.

2 Improved visibility, safety and security with multisite viewer for video and access.
