Honeywell

FIND OUT WHAT YOUR BUSINESS CAN ACHIEVE WITH HONEYWELL USERS GROUP

More efficient, sustainable, profitable and safer operations. Valuable insights and thought leadership. Best practices and industry sharing. Learn about all this and more when you attend the Honeywell Users Group (HUG) to explore the latest features and technologies alongside proven methods for optimizing your facility.

BUILD POWERFUL INSIGHTS: SYMPOSIUM 2022

HUG is a three-day Symposium for customers by customers. The event brings a diverse array of Honeywell customers together to share information, ideas, and experiences with industry peers from all over the world. Providing a relaxed, information-rich and collaborative environment,

DEVELOPED BY CUSTOMERS FOR CUSTOMERS

This three-day educational conference includes:

- Numerous industry and application breakouts.
- Technical training classes – a \$1000 value.
- Technology demonstration area staffed with Honeywell experts.
- And much more.

SHARPEN YOUR EDGE: HUG TECHNICAL TRAINING

The HUG Training Center conducts instructor-led, hands-on technical training sessions, each offered multiple times during the week.

Your HUG Training Service Contract can be used as a convenient vehicle to pay for the symposium costs, enabling you and your organization to more easily budget for the event. The offering includes the registration fee, up to four nights at the designated conference hotel, and post-conference access to additional learning opportunities for you and your team.

Have questions about a new or existing application? Migration-specific concerns? Get answers to your site-specific questions during your Expert by Appointment session with Honeywell subject matter experts.

ATTENDEE TESTIMONIALS

As a first-time attendee, I was blown away by the quality of presentations – from the graphics to the AV to the customer and keynote presenters.

This was my fifth time attending the conference and they seem to get better each time. I did like how some of the companies presented in the main session. It gives you a chance to hear from other areas besides the breakouts you usually attend.

This is great for stepping back and thinking strategically. Really enjoy having some of my standard assumptions challenged. Honeywell Users who do not participate have no idea what they are missing.
