MAXPRO® VMS R600 & R630 / NVR6.0 & R6.3 End of Support Notice

The MAXPRO® product software release VMS R600 & R630 / NVR6.0 & R6.3, including all service packs, will become obsolete on **December 31, 2023**.

What this means to you:

- MAXPRO® VMS R600 / R630 and NVR 6.0 / R6.3 software releases will no longer be available from Honeywell. Downloads will be removed from our sites.
- Product software and security updates will discontinue effective on the date of obsolescence.
- Technical Support for VMS R600 / R630 and NVR 6.0 / R6.3 will be discontinued.

The recommended replacement for VMS R600 / R630 and NVR R6.0 / R6.3 is MAXPRO® VMS R750 / NVR 7.5. Honeywell encourages updating to latest version whenever possible in order to enjoy the latest technology and current support. The below chart is provided to help guide the path for upgrading to desired version:

If Using :	And are on Version:	Upgrade Path to R750 is:
MAXPRO®	VMS R600 / NVR 6.0	R600/R6.0 → R700 / R7.0 → R750/R7.5
MAXPRO®	VMS R630 / NVR 6.3	R630/R6.3 → R700 / R7.0 → R750/R7.5
MAXPRO®	VMS R670 / NVR 6.7	R670/R6.7 → R700 / R7.0 → R750 / R7.5
MAXPRO®	VMS R695 / NVR 6.95	R695/R6.95 → R700 / R7.0 → R750 / R7.5
MAXPRO®	VMS R700 / NVR 7.0	R700/R7.0 → R750 / R7.5
Pro-Watch®	VMS R650 / NVR 6.5	R650/R6.5 → R700 / R7.0 → R750/R7.5
Pro-Watch®	VMS R670 / NVR 6.7	R670/R6.7 → R700 / R7.0 → R750 / R7.5
Pro-Watch®	VMS R695 / NVR 6.95	R695/R6.95 → R700 / R7.0 → R750 / R7.5
Pro-Watch®	VMS R700 / NVR 7.0	R700/R7.0 → R750 / R7.5

The VMS R750 / NVR 7.5 offers an array of exciting new features and functionality such as:

VMS/NVR

- Lightweight VMS and NVR client installer resulting in shortened and simplified installation times.
- Honeywell 35 / 60 / 70Series Camera and 35Series eNVR support
- NVIDIA graphic card support at NVR workstation and VMS for 2X cameras viewed
- Deeper video edge integration with AXIS 360 / Multi-sensor cameras, Profile G, and I/O modules
- HTML5 web client
- Single operator control of PTZ camera for uninterrupted investigation
- Bounding box visual notification in live and playback video on NVR and VMS
- Customization: camera overlays in salvo views; audible notification of critical alarms
- Support for Windows 2022, 2019, Windows 11 and SQL Server 2019

Intelligent Command:

- Inclusion of Honeywell's Vindicator intrusion detection now fuses together Access control, Video, and Intrusion detection in a single dashboard view.
- Unified Map and Alarm View
- Centralized device management of passwords and firmware updates
- 24-hour view of all connected camera recording status refreshed every 10 minutes
- Improved Safety Compliance Dashboard that monitors capacity thresholds via video or entry/exit access control.
- Enhanced incident information capture and documentation – attach, export, report
- Bounding box visual notification in live and playback video

Honeywell Secure Mobile App:

- Featuring both Video and Access Control functionality
- View live or recorded playback video including PTZ controls
- H.265 and H.264 codec
- Device management by location
- Filter, sort, acknowledge and clear alarms
- Available in iOS and Android in (13) languages

The VMS R750 / NVR 7.5 is available for download from the Honeywell Download Center:
