

## Product Announcement: New SK-PS Series Remote Power Supplies

April 2021

Honeywell Silent Knight is pleased to announce the availability of the SK-PS Series remote power supplies with both 6-Amp and 10-Amp models. These next generation power supplies are direct replacements for the 5495 and 5499 and have been designed to meet the growing needs of today's installation and servicing requirements by offering more capabilities than ever before. The new SK-PS Series features:

- **More Power, Inputs and Outputs**
  - 10-Amp model includes 7 outputs and 3 inputs (Class A or Class B)
  - 6-Amp model includes 5 outputs and 2 inputs (Class A or Class B)
- **More Flexibility**
  - Includes fully configurable inputs that can be paired with any output
  - Offers configurable outputs as either Class B or Class A (requires ZNAC-PS card)
- **More Ways to Sync**
  - Supports System Sensor®, Wheelock®, Gentex®, and Amseco® AV sync protocols
  - Provides synchronized cascading for up to 4 levels
- **More Efficient Installation**
  - Features removable door and 10 concentric knockouts for easier access and setup
  - Compatible with wide range of end-of-line resistors for easy retrofit
- **More Maintenance Diagnostics**
  - Features intuitive diagnostic and troubleshooting LEDs
  - Includes Display Trouble History Mode to review all trouble conditions
- **More Cabinet Space**
  - Space for a ZNAC card AND a control module
  - Accommodates up to two 7 Ah or 18 Ah batteries with maximum 33 Ah charging capacity

**The new SK-PS remote power supplies are available to order now!** Contact your preferred Silent Knight authorized wholesale distributor for ordering and pricing information and visit [silentknight.com](https://www.silentknight.com) for more information.
