

> Device Test/Reset

> Series 1

KAC invented the break glass call point in 1972. We have manufactured four main models since this date and due to our expert design and high quality standards many of these devices are still in service many years later.

> Series 1

The original series 1 product was in service from 1972 - 1978.

> Series 2

The series 2 range ran from 1978 - 1995.

The test procedure is:-

> World Series

The World Series range ran from 1995 - 2003.

The test procedure is:-

> World Series -Resettable

The RMR Resettable module was added to the World Series range and ran from 2000-2003.

To test, press the element until activation. Reset using the test key:-

> MCP/WCP

The MCP & WCP ranges are our current devices, launched in 2003(MCP) and 2007(WCP).

The test procedure is:-
