8. **Data Rights.** User retains all ownership and other rights to data and other information that User or persons acting on User's behalf make available in relation to, or which is collected from User's systems, devices or equipment by, the Software ("**Input Data**"). User grants to Honeywell and its affiliates a non-exclusive, transferable, worldwide, perpetual, irrevocable, sublicensable (through multiple tiers), royalty-free and fully paid-up right and license to use Input Data to develop, operate, improve and support Honeywell's products, services or offerings. Honeywell may use Input Data for any other purpose provided it is in an anonymized form that does not identify User or any data subjects. User has sole responsibility for obtaining all consents and permissions (including providing notices to users or third parties) and satisfying all requirements necessary to permit Honeywell's use of Input Data. Unless agreed in writing, Honeywell does not archive Input Data for User's future use. User consents to any transfer of User's Input Data outside of its country of origin, except that Personal Data is subject to the DPA. Input Data is User's Confidential Information. All know-how and information developed by Honeywell and/or its affiliates by analyzing Input Data (but excluding Input Data itself) as well as all results of the Honeywell AI, including software, models, designs, drawings, documents, inventions, and know-how, conceived or developed in connection with the Agreement and any intellectual property rights related thereto, are owned exclusively and solely by Honeywell and are Honeywell's Confidential Information. User has no right or license to intellectual property or inventions provided by Honeywell, except as granted in this EULA.

9. **AI Input Data and Outputs.** Honeywell and its affiliates and licensors own and retain all right, title and interest, including all intellectual property rights, in and to: (i) the SaaS, the Honeywell AI and all derivative works, modifications and improvements of the SaaS and Honeywell AI; and (ii) know-how and information (excluding AI Input Data and Input Data) and that is developed by Honeywell or its affiliates by analyzing Input Data (including AI Input Data) or generated via, or derived from, providing or supporting the SaaS whether (a) developed by Honeywell or its affiliates by processing or analyzing User's and Users' use of the Honeywell AI and/or Input Data (including AI Input Data) or (b) generated via or derived from providing or supporting the Honeywell AI ("**Know-how**"). The operation and performance of the Honeywell AI is Honeywell's Confidential Information. Subject to User's compliance with the terms and conditions of this Agreement (including acceptable use), Honeywell hereby grants to User a limited, non-transferable, non-exclusive, revocable, non-sublicensable right and license to use Know-how solely for its internal business purposes in connection with exercise of SaaS Use Rights. User and Authorized End Users will not remove, modify or obscure any intellectual-property-right notices on the SaaS. To the extent required by any applicable laws or regulations regarding the use of AI Systems, including but not limited to the European Union Artificial Intelligence Regulation ("**EU AI Act**") ("**Applicable AI Laws**"), and upon User's reasonable request, Honeywell will provide summaries of the data used to train the Honeywell AI.

User retains all rights to AI Input Data and though User has a right to use Outputs generated by the Honeywell AI, the Outputs are owned by Honeywell. User is solely responsible to ensure that all Outputs are checked and validated, that they are fit for User's purpose and that they are in compliance with Applicable Laws prior to their use. To the extent any Applicable AI Laws require certain disclaimers or disclosures, User agrees to comply with any such requirement in accordance with User's use of Honeywell AI. Further, due to the nature of an AI System, the Output may not be unique across users and the Honeywell AI may generate or return the same or similar Output to other customers, Honeywell or a third party. If User provides Honeywell with written notice or otherwise decides that User no longer desires to use Honeywell AI, Honeywell is not required to retain the AI Input Data or Outputs used or otherwise processed in connection with the Honeywell AI.

10. **User Feedback.** User may voluntarily provide comments, suggestions, enhancement or modification requests, recommendations, proposals, ideas, and other feedback relating to the Honeywell AI or otherwise (collectively, "**Feedback**"). User hereby assigns to Honeywell (and shall cause its employees, contractors, and agents to assign to Honeywell) all right, title, and interest in, and Honeywell is free to use, without any attribution or compensation to any party, any Feedback and intellectual property rights contained in the Feedback, for any purpose whatsoever, whether or not the Feedback was provided at Honeywell's request. The Controller SCCs will be deemed to have been signed by each Party and are hereby incorporated by reference into the Agreement in their entirety as if set out in full as an annex to this Agreement. The Parties acknowledge that the information required to be provided in the appendices to the Controller SCCs is set out at <https://www.honeywell.com/us/en/company/data-privacy>. Each Party will implement appropriate technical and organizational measures to protect Personal Data against any security breaches. If there is a conflict between this Agreement and the Controller SCCs, the Controller SCCs will prevail. Where applicable law requires changes to the Controller SCCs, those changes will be deemed to have been made without further action from the parties.
 - d. If Honeywell processes Personal Data on User's behalf, Honeywell's Data Processing Agreement ("DPA") at <https://www.honeywell.com/us/en/company/data-privacy> apply.
- 12. IP Indemnification.** User will, at User's expense and at Honeywell's option, defend and indemnify Honeywell and its licensors and service providers from and against any third-party claim, suit or proceeding, and pay any final judgments awarded by a court of competent jurisdiction, or reasonable settlement amounts approved in writing by Honeywell, arising out of any claim brought against Honeywell by a third party: (a) alleging that User, its affiliates, or any of its or their employees, agents or subcontractors, infringes such third party's copyright, patent, trademark or trade secret rights including in providing any Input Data (including AI Input Data); (b) arising out of or relating to access or use of the Software or Honeywell AI by any of User and its affiliates or any of its and their employees, agents and subcontractors; (c) arising out of third-party claims related to Honeywell's possession, processing or use of Input Data (including AI Input Data) in accordance with the Agreement; (d) User's use of the Honeywell AI for any High Risk Use or Unacceptable Risk Use; or (e) User's failure to comply with the terms of this Agreement.

- 14. Third-Party Materials & Open Source.** Certain components of the Software may incorporate open-source software ("**OSS**"). To the extent required by licenses covering OSS, such licenses may apply to OSS in lieu of this Agreement. If an OSS license requires Honeywell to make an offer to provide source code or related information in connection with that OSS, such offer is hereby made. Honeywell may provide third party materials, including software, in connection with the Software ("**Third Party Materials**") which may be governed by different terms ("**Third Party Terms**"). If there are no Third Party Terms, User's use will be (a) subject to the same terms as the Software and (b) solely in connection with User's use of such Software. User is solely responsible for determining, obtaining and complying with all Third Party Terms. Honeywell has no responsibility for, and makes no representations or warranties, regarding (i) any Third Party Materials or User's use of Third Party Materials, and (ii) Third Party Terms or User's compliance with Third Party Terms. User acknowledges that: (a) Honeywell does not provide legal advice regarding compliance with laws and regulations related to use of the Software, and (b) the Software has functionality that could be used in ways that do not comply with laws and regulations and User is solely responsible, and Honeywell has no liability, for User's compliance with law with respect to its use of the Software. To the extent User or User's Authorized End User are government entities, the Software and all associated Documentation are "commercial computer software" and related "commercial computer software documentation" and "restricted data" provided to User under

"Limited Rights" and "Restricted Rights" and only as commercial end items. User and its affiliates will comply with, and be solely responsible for compliance with, all laws and regulations on export, import, economic sanctions and antiboycott, regulated by the United States, any locality outside the United States where User conducts business, and as applicable, the United Kingdom, the European Union and its Member States, the United Nations ("**Sanctions Laws**") related to User's access to or use of the Software. User represents and warrants that none of User or its directors, employees, contractors, agents, banking partners, affiliates or users (a) are individuals or entities named on or acting on behalf of entities identified on applicable Sanctions Laws restricted party lists, including but not limited to, the U.S. Specially Designated Nationals and Blocked Persons List and the OFAC Sectoral Sanctions Identifications List; (b) organized under the laws of, physically located in, or ordinarily resident jurisdictions subject to comprehensive sanctions; or (c) are owned or controlled, directly or indirectly, 50% or more in the aggregate, by one or more individuals described in (a) or (b) (collectively, "**Sanctioned Persons**"). Neither User nor its affiliates will (i) permit Sanctioned Persons to directly or indirectly use, access or benefit from the Software, (ii) engage in or facilitate activities directly or indirectly related to any end-uses that are restricted by Sanctions Laws, or (iii) export, re-export or otherwise transfer the Software for any purpose prohibited by the Sanctions Laws. User will not submit to the Software any data subject to the U.S. International Traffic in Arms Regulations or other Sanctions Laws. User's violation of this Section will be a material breach.

- b. Each Party shall comply with all applicable anti-bribery laws and regulations including but not limited to the United States Foreign Corrupt Practices Act ("**FCPA**") and the United Kingdom Bribery Act of 2010. The Parties represent and warrant that they are currently in compliance with anti-corruption and anti-bribery laws and will remain so and that they will not authorize, offer or make payments, directly or indirectly, to any government authority that may result in a breach of FCPA or established restrictions or prohibitions. User agrees to maintain accurate books and records to demonstrate compliance with the compliance requirements of this section. Honeywell, at its expense, may audit User to determine compliance with such provisions upon no less than thirty (30) days' advance written notice, and User will provide reasonable assistance to Honeywell to complete such audit. User's failure to comply with this provision will be deemed a material breach of the Agreement. User will not submit to the Software any data subject to the Sanctions Laws.
- c. Honeywell will obtain the export license when Honeywell is the exporter of record. User must obtain at its sole cost and expense all necessary import authorizations and any subsequent export or re-export license, or other approval required for the Software purchased, delivered, licensed or received from Honeywell. The Parties agree that technical information or technology (i.e., export-controlled information) subject to the Sanctions Laws shall not be disclosed, transferred or exported, including to any affiliate, foreign national employee, supplier, or sub-tier supplier, regardless of location, without valid export authorization or other written government approval.
- d. User will notify Honeywell immediately in writing of actual or reasonably suspected violations of this section. Honeywell may suspend or terminate the Agreement or any order (or part thereof) or take other actions reasonably necessary to ensure full compliance with all laws including the Sanctions Laws without Honeywell incurring any liability.

16. Term, Suspension. Unless otherwise agreed in a signed writing executed by the Parties' authorized representatives, this Agreement commences upon the earlier of when User's authorized representative clicks "Agree" (or similar term) or downloads/installs/accesses the Software and remains in effect until User ceases using the Software, Honeywell terminates this EULA and access to the Software, or User's Software subscription license term expires. The non-breaching Party may terminate this Agreement or any order if the other Party materially breaches and fails to cure within 30 days of receipt of written notice. Honeywell may suspend Honeywell's performance or terminate this Agreement or any order upon written notice if Honeywell believes that Honeywell's performance may violate the law and/or cause a safety or health risk, or if User is insolvent, there is an adverse change in User's creditworthiness or an attempt to obtain protection from creditors or wind down operations, User fails to pay any of Honeywell's undisputed invoices for 3 days after payment due date, User violates the law in performance of this Agreement, or assigns this Agreement without Honeywell's consent. Upon termination or expiry: (a) User must pay all amounts due; and (b) if requested, return or destroy all Confidential Information and certify the same in writing; except for automatically generated backup copies, anonymized data or if maintained for legal purposes.

17. Automatic Deactivation Feature. User acknowledges and agrees that the Software may contain a time-sensitive disablement feature ("**Deactivation Device**") that will automatically deactivate the Software upon the termination of this EULA. User agrees not to tamper with, disable, or attempt to bypass the Deactivation Device feature. User understands that the Deactivation Device feature is integral to the enforcement of the applicable term of the license for the Software and agrees that Honeywell shall not be liable for any loss or damage that may arise from the disablement of the Software as a result of the Deactivation Device feature.

18. Warranty & Warranty Disclaimer.

- a. Honeywell warrants that, as of the date of delivery by Honeywell, the Software will materially operate according to Honeywell's then-current applicable Documentation. If, within 90 days of such date, User documents and notifies Honeywell in writing that the Software does not meet this warranty, then Honeywell will, at its sole option and its expense: (i) correct the defect or error in the Software; (ii) make available to User satisfactory substitute software; or (iii) if none of the foregoing is, in Honeywell's opinion, commercially reasonable, refund to User, directly or through a Provider, as applicable, all payments made as license fees for such Software after User certifies in writing that it has returned or deleted all copies of the Software in its possession. The foregoing sets forth

Honeywell's entire liability and User's sole and exclusive remedy for any failure of the Software to comply with the Software warranties in this Section.
