

WARRANTY: NOTIFIER BY HONEYWELL

Who is covered by the warranty?*

Products offered by Honeywell Limited ("Honeywell") are covered by a Limited Warranty.

Honeywell extends the benefit of this Limited Warranty only to the first end-user of the product.

This Limited Warranty is non-transferable.

How long does the Limited Warranty apply?*

Honeywell's Limited Warranty covers products for a defined period of time from the date of purchase of the first end user (Warranty Period). Standard Warranty Periods for certain Honeywell products are set out below.

Always consult the applicable Limited Warranty document for current Warrant Period information.

What's covered by the Limited Warranty?*

The Limited Warranty warrants our products to be free from defects in workmanship, under normal use and service, for the Warranty Period.

Honeywell will repair or replace, at Honeywell's option, any unit that fails to perform, under normal use and service and according to Honeywell's published specifications during the Warranty Period.

What's not covered by the Limited Warranty?*

The Limited Warranty does not cover software or damage to the product caused by modification, alteration, misapplication, misuse of, or physical abuse to the product; or damage due to repair or service to the product by anyone other than Honeywell.

The Limited Warranty also excludes any damage to the product caused by circumstances outside of Honeywell's control, such as, but not limited to, lightning or fluctuation in electrical power.

*Australian Consumer Law

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Extended Warranty

Extended warranty may be available at additional cost for some products up to a total warranty period of 5 years.

Further information

For detailed information about the Limited Warranty that applies, consult the applicable Limited Warranty document. Terms & Conditions of sale are available from your local sales office.

Standard Warranty Periods (current as at Jan 2022)

Warranty Periods runs from date of purchase by first end user.

Product Category	Product Description	Standard Warranty
